

Dear Customers

Proposal of Portable Insulation Monitoring Pack

To whom it may concern, We would like to thank you for your continued support. We would like to express our sincere gratitude for your continued patronage. We have prepared a Insulation Monitoring Pack of Portable series that we have developed to be useful for preventive maintenance. Thank you for your consideration.

Best regards

Isn't this happening?

Cases of trouble ①

Lathe spindle built-in motor

Broken due to insulation deterioration

⇒ Damage caused by machine down

Cases of trouble ②

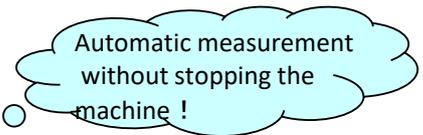

Results of articulated robot inspection for transportation (multiple units)
Motor insulation is reduced due to the influence of coolant.

⇒ In order to avoid sudden repairs, we inspected every Sunday, so **man-hours are large**.

We have prepared a Portable Insulation Monitoring Pack

- Can be carried anytime, anywhere
- Automatically measures when you want to measure
- Can measure up to 6 axes.

After installing, leave it to the unit
Automatic measurement, judgment OK / NG

How to connect
